“We commend U.S. Attorney Patrick Fitzgerald and his team for their stellar investigative work that highlighted Blagojevich’s use of the pay-to-play politics endemic to our state’s culture.” said Keely Drukala, President, Chicago Young Republicans.

“The Governor’s blatant use of the powers and prestige of his office to benefit himself and his family, along with campaign contributors, to the detriment of state taxpayers is nothing short of criminal. We are hopeful that his indictment will lead to a swift prosecution, ushering in change we can truly believe in,” commented Jeremy Rose, Political Director, Chicago Young Republicans.

The Chicago Young Republicans are committed to changing the culture of corruption in Illinois. We need candidates who are going to stand up for the rule of law and fight for the citizens of the state, not their own friends and family.
